Southlake 2030 Video in Post-Production

A "kick-off" video is currently in production that will explain the scope and importance of the Southlake 2030 Plan. The short video will be posted on the southlake2030.com website and played on the city's cable channel upon completion. The expected completion date for the video is September 3.

Identifying Southlake Destinations

Staff will be conducting a survey over the course of the next few weeks to gather the community's perspective on what Southlake's premier destinations are. As visitors come to Southlake, we want to make sure they are able to effectively navigate to their destination and enjoy their overall experience while here. Wayfinding signs, or "directional" signs, are a great addition to any community that helps visitors and residents travel to their destination. The data will be used by the Wayfinding Signage Committee as they move forward with the Wayfinding Signage Plan. If you have suggestions for certain destinations in Southlake or would like to complete the survey, please email us at

Southlake2030@ci.southlake.tx.us.

Don't forget you can track the progress of Southlake 2030 online at our developing website, www.Southlake2030.com.

If you are receiving this email in error or would like to be removed from our Southlake 2030 distribution list, please email us at southlake2030@ci.southlake.tx.us.
