

Temporary Noise Exemption Permit Application Instruction Sheet

As provided by Southlake Ordinance 778, a person may apply for a permit to engage in any activity that creates a noise that would otherwise constitute a nuisance or a violation. The application must be received in writing at least **ten (10)** calendar days prior to the requested date.

As the applicant

1. You must provide written notice to all property owners within 200 lineal feet of the property upon which the noise originates, measured from property line to property line. A copy of a notification letter is attached to this application.
2. You must attach a copy of the signed notification letter (signed by the property owner) or evidence of similar notice containing the same information (address, phone number(s), signature of property owner and Police Department phone numbers). If the residence or business is unoccupied, note this on a notification letter.
3. You shall display the issued PERMIT CARD on site during the date(s) and time(s) of event.
4. You may appeal to the City Manager if application is denied or modified.
5. You may also request a variance by the City Council by making application with a \$100 non-refundable fee.

Instructions for using interactive map to obtain measurements from property line to property line:

1. Go to the City of Southlake's website www.cityofsouthlake.com. Select **Our Government**, then **Planning & Development Services**. From the side bar, choose **Planning & Development Services**, then **Planning & Zoning > Maps, Interactive Zoning Map**. Click on the link within the text **Interactive Zoning Map** or <https://www.cityofsouthlake.com/2505/Interactive-Zoning-Map>.
2. Enter address where noise will originate in the box at the top left of the screen & search.
3. Locate the property. Center address on the screen so that all surrounding properties can be seen.
4. Use the ruler icon at the top left of the screen. A **Measurement Results** box will appear.
5. Click on the far left ruler in the Measurement Results box, then place the cursor at the property line where the noise will originate and draw a line to an adjoining property line. Do this for each adjoining property. **Note: Unclick the ruler after each measurement.** A calculated measurement will appear in the Measurement Results box. The property/business owner shall be provided a notification letter when the resulting measurement is 200 lineal feet or less.

Temporary Noise Exemption Permit Application Form

Filing/application fee: \$25.00, non-refundable, submitted with application. *Governmental agencies are exempt from fees.*
