Purchasing Focus

The purchasing staff extends bid opportunities, the goal of which is to obtain the “best value” for the City. This may not always mean the lowest price. We consider such things as reputation, product quality, customer service, totality of proposal, compliance with local, state, and federal laws, cost, delivery, and other criteria as required. Please visit our website periodically regarding policy changes and other Purchasing related news as we continue to communicate with our Certified Vendors and those interested in conducting business with the City.

The City has earned this award 7 consecutive years. The AEP measures Southlake’s purchasing practices against pre-set criteria such as e-procurement, ethics, policy, contracting model and professional development. This award signifies success in the City’s efforts to remain on the Cutting edge of purchasing initiatives and effectively spending tax dollars.
